

03/23/22 Meeting

When: 5:00 PM Owner/Design Team

Absent:

Agenda

- Discuss about designs
- Address components that require refactoring or creation
- Address pages that require creation
- Address endpoints that need to be created based on endpoint
- Discuss about flaky integration tests in backend
- Assign people to teams
- Stuff

Minutes

Designs:

- Add char limit

Components:

- Category component - 2
 - Tag component - 1
- Reuse Button "Continue to dashboard" - 1 (no need issue)
- Post input component with char count - 3
 - add hashtag and tag people
- Refactor Post card component to look more like design - 2
 - Add a status at the top (for activity view - prop - if empty not display)
- List top bar navigation component - 2
- Notification card component (describes like, share, comment) - 1
- Search bar component (no recommendations) - 1
- People card component (with follow and unfollow) -1 but blocked by post card
- Edit Banner popup component (with default banners) - 2
- Edit Bio popup component - 1
- Add confirmation popup yes or no - 1
- Refactoring comment component (if it exist) - 1

Pages:

- Choose interest page
- Notification Page
- Search Screen

Endpoints:

- Endpoint for getting a list of categories and hashtags - 3

- Endpoint to submit the interested of hashtags - 1
- Endpoint get list of all user handles - 1
- Endpoint to get notifications (follow, reply, share - in order of time) - 2
- Endpoint search (with a parameter ?type=top, ?type=latest, ?type=people) - 3
- Refactor get activity endpoint (add activity e.g. Gamer reshared @shrey post) - 2
- Refactor auth to have a middleware - 1

Designs

- If the dashboard isn't enough posts, use hashtag to supplement the posts
- Mentions must exist, if exist is blue, if not is text (this is checked in frontend)
- Creating a post but ur name is on the top of it. (you can share the post twice)

Backend team

- Thomas
- Flynn
- Jafar
- Stephy
- Yulia
- Danil

Frontend

- Jess
- Arathi
- Daniel
- Eric
- Pooja
- Nicholas
- Tyler
- Raymond
- Shreya
- Lilly
- Kirsty
- CZ
- SV
- Shrey
- Dhvani

Action Points

- Complete the Settings Page (Banner popup and Edit bio pop up) - Dhvani
- Yulia and Danil discuss about moving to backend - done
- Announcement for Teams Frontend and Backend - Flynn
- Update Discord structure - Shrey
