

# Dark Voting

Let People Vote Freely

Sep - 2023

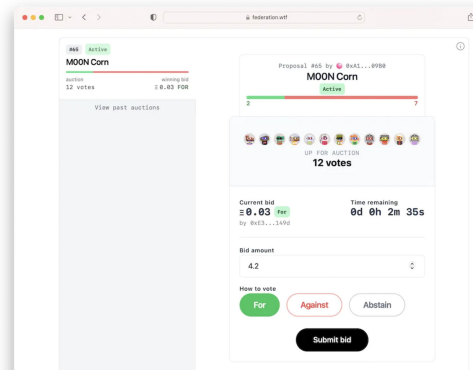

# What Problem This Product Is Addressing

## Problem

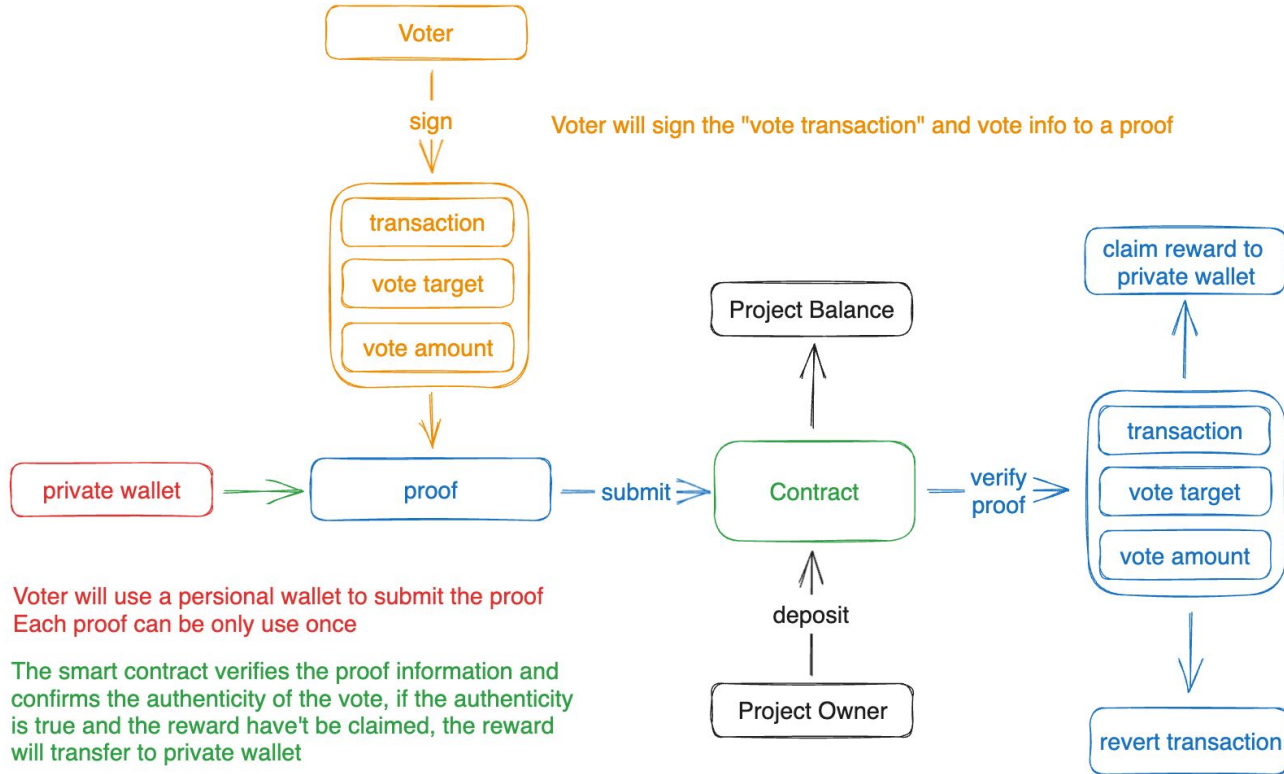

- Votes delegated to a pool auctioned off to the highest bidder
  - Delegators are public
  - Delegators don't know who they will be voting for

## Solution

- Solution A: Indiscriminate Vote-buying
  - Allow voters to remain anonymous
  - The project team will cover all the expenses for all voters, regardless of their motivations for participating in the vote.
  - Bonding curve mechanism for vote prices to
- Solution B: Discriminate Vote-buying
  - Allow delegators remain anonymous
  - The project team only covers expenses for a portion of the voters who are undecided or reluctant.

# Technical Implementation

**Thanks!**
